

# INTELLAFLEX

## 36-Port Packet Aggregator Blade

36 ports of 1/10G Ethernet

INTELLAFLEX is an innovative solution designed for monitoring and security applications in enterprise networks. With APCON's combined aggregation, filtering, load balancing and switching technology, users are able to electronically share an inventory of expensive monitoring devices—often distributed across multiple locations—while preventing oversubscription and data loss.

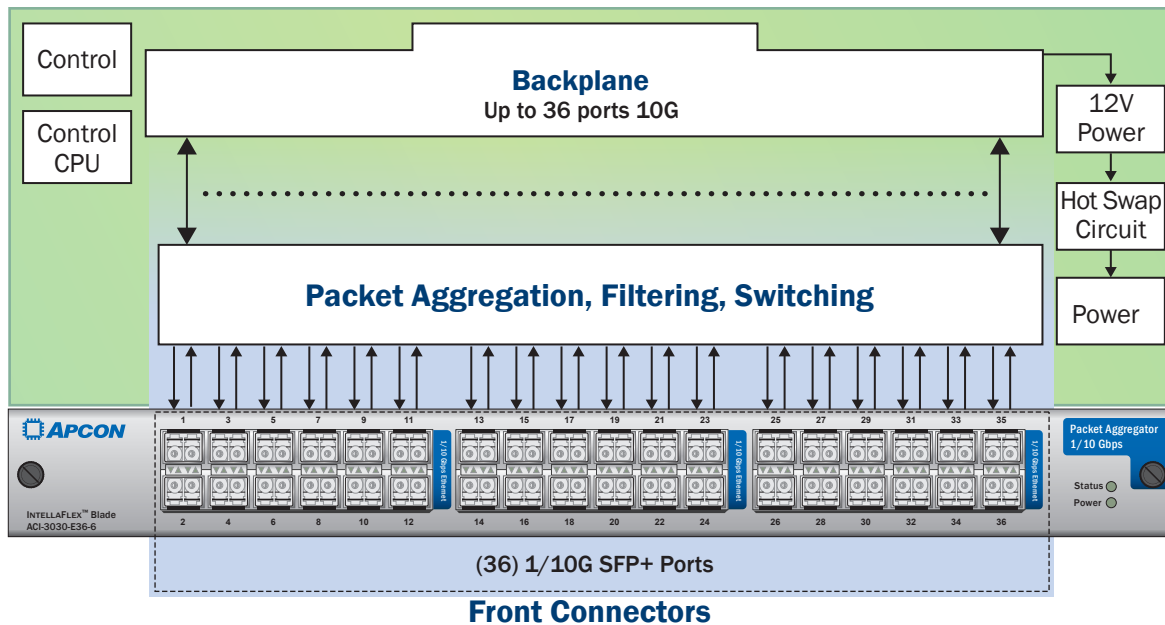

INTELLAFLEX 36-port 1/10G Packet Aggregator blade

### HIGH-DENSITY 36-PORT BLADE

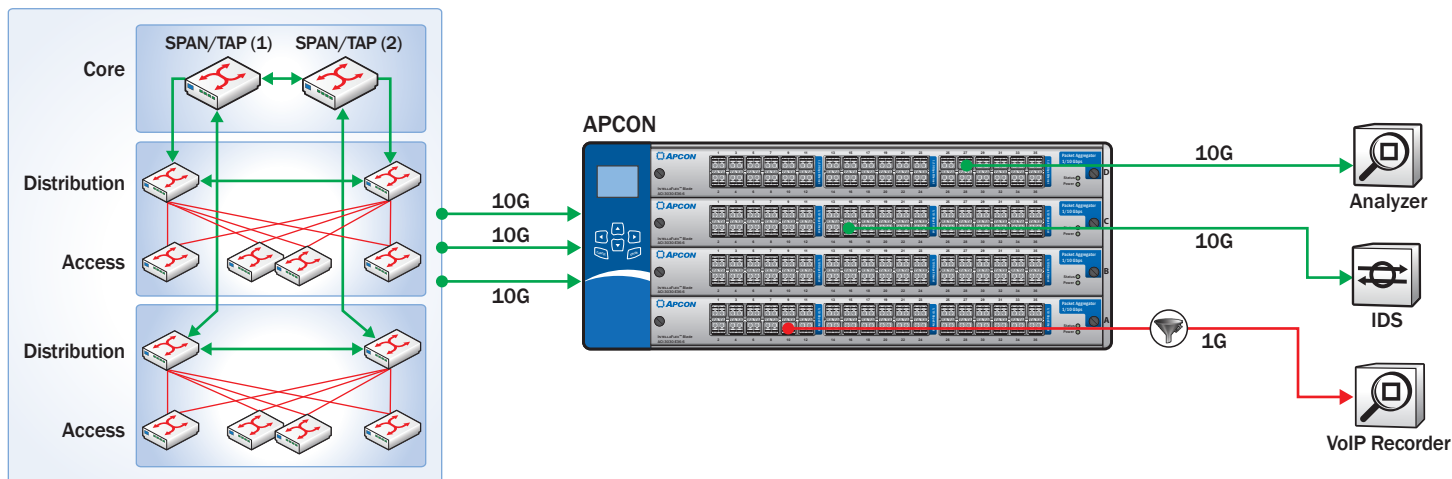

This blade is ideal for applications requiring port aggregation functionality with a higher number of 10G connections. This blade offers 36 ports of configurable 1/10G Ethernet. This blade offers existing INTELLAFLEX installations the ability to double 10G port density without replacing the chassis.

### BLADE FUNCTIONALITY

# INTELLAFLEX – 36-Port Packet Aggregator Blade

## BLADE APPLICATION

## BLADE SPECIFICATIONS

<b>Description</b>	• 36-Port Packet Aggregator Blade – 36 ports 1/10G Ethernet			
<b>Protocols</b>	• 10 Gbps Ethernet, 1 Gbps Ethernet			
<b>Media Conversion</b>	• Yes			
<b>Rate Conversion</b>	• Yes			
<b>Physical Interfaces</b>	• SFP, SFP+ (36)			
<b>SFP Ports Support</b>	• 1000BASE-T, 1000BASE-LX, 1000BASE-SX			
<b>SFP+ Ports Support</b>	• 10GBASE-LR, 10GBASE-SR			
<b>Backplane Interfaces</b>	• 36 × SGMII, 36 × 10GBASE-R			
<b>Packet Switching Capacities</b>	• 1.28 Tbps			
<b>Services and Manageability</b>	• CLI • Web interface	• LDAP • SNMP: v1, v2, v3	• RADIUS • TACACS+	• SSHv2 • HTTP/HTTPS

## CHASSIS AND BLADE COMPATIBILITY

<b>Chassis</b>	<b>Blades</b> • ACI-3010-E09-3      • ACI-3030-E24-1 • ACI-3072 / ACI-3072-XE      • ACI-3010-E18-5      • ACI-3030-E24-2 • ACI-3144 / ACI-3144-XE      • ACI-3011-T09-1      • ACI-3030-E36-1 • ACI-3288      • ACI-3030-E18-6		
----------------	---	--	--

## ORDERING INFORMATION

<b>Model #</b>	• <b>ACI-3030-E36-6</b> – INTELLAFLEX 36 Port Aggregation/Filtering Blade
